A ONE-DAY COURSE – FRIDAY 15TH JULY 2016

Clinical Diagnostics (Educational) Ltd, London
Friday 15th July 2016
at Leeds Hilton Neville St, Leeds West Yorkshire LS1 4BX
£175.00 (to include lecture material and documents, refreshments & lunch)

Overview
An intensive lecture programme reviews current scanning practice in gynaecology and other associated areas of pregnancy and women’s healthcare. It highlights recent developments in scanning technology and their impact in terms of ultrasound diagnosis and clinical management.

Putting you first

The programme is aimed at experienced sonographers, clinical and nursing personnel working in this field of medical ultrasound. In addition to the lecture content and practical demonstration, the course is designed to encourage discussion and exchange of views and experience within the group of delegates.

Lectures: (clinical and technical aspects)
- Recent advances in transvaginal ultrasound imaging and scan procedures in general gynaecology and reproductive medicine.
- A clinical review of the causes, investigation and current management of abnormal uterine bleeding.
- Ultrasound of the endometrium – functional issues and associated pathologies.
- The diagnostic impact of ultrasound scanning in the assessment of pelvic pain and endometriosis.
- Gynaecological oncology – aetiology of ovarian and uterine malignancy.
- Ultrasound evaluation of the nature of ovarian lesions.
- The value of 3D transvaginal ultrasound in early pregnancy assessment and first trimester screening.
- Current clinical trends in the investigation and treatment of recurrent miscarriage.
- Advanced 3D virtual imaging in reproductive gynaecology.
- Clinical Case Reviews – pelvic pathologies and gynaecological disorders encountered in clinical practice.
- Aspects of scan reporting and clinical communication.
- Question / Discussion Session.

Please note that delegate numbers will be limited. This is to allow more effective practical demonstrations as well as encourage greater interaction and dialogue with delegates. In view of the response to previous meetings, might we therefore advise that application to register for the course be made within good time in order to avoid disappointment. Closing date for registration is Friday 1st July 2016. Appropriate accreditation and CPD points will be applied for. For further details please contact Mrs Ingrid Sharp by email or telephone. Additional meeting information, receipt and location map etc. will be forwarded to you on
